

No amount of Political blubbery requires Insurance to pay the damages of Global Warming.

Politicians could support Clean energy.

One billion dollars to Carbon capture, nothing for no Carbon fuel.

Solar generated hydrogen is World exportable.

The Sun is free convertable energy Hydrogen.

Ten times the power of Coal and no Carbon.

A loss cannot be made.

Hydrogen freely replaces Steam and Oil.

Innovation 2008 technology has twice the efficiency of a Steam turbine.

Doubling the fuel factor weight to power, twenty times the Steam turbine.

The subsidies, grants and assistance opposition to hydrogen feilds coming on line.

Matching subsidies, grants and assistance Hydrogen renewable fuel.

Replaces coal in power generation.

Carbon saving trading completes conversion power station coal to hydrogen.

Sincerely Yours
